Relationships that may influence our advice:

Flinders Partners Financial Services is a privately owned company and is not owned or influenced by any financial product provider. Your adviser will recommend financial products from an Approved Product List.

Our approved product list is developed by our Investment Committee using a range of criteria to determine a product's merit.

Lack of Independence Disclosure Notice:

We can't call ourselves independent. Here's why.

The law makes it very difficult for most advisers to say they are independent, unbiased or impartial, even if they are not in any way linked to a financial product provider (like a bank).

If, for example, an adviser gets paid a commission to help a client arrange some insurance they are automatically prohibited from calling themselves independent. Most advisers who receive those commissions charge their clients very little (if anything) for the advice or the help they provide putting a policy into place. From time to time we receive these commissions.

So although we always put your interests before ours when giving advice we cannot (by law) call ourselves independent, unbiased or impartial.

Disputes handling & our complaints policy

We treat any complaint we receive seriously. If you are dissatisfied with your experience as our client we ask that you communicate with us (e.g. by phone, email or in person) so we can try to resolve the issue for you.
